BOC-CHAMA

Thank you very much for reading Mitumo de Pon!

I really appreciate everyone for reading this manga even though it's quite old. But still I believe that Mirumo de Pon has a great story and it deserves non-stop support through reading the manga series and watching the anime series, as well as it's Mangeka, Hiramu Shinozuka!

Also, I would love to thank everyone who cheer me up, leaves comments and support me on translating both anime and manga of this series. You guys are really my inspiration to keep on enjoying while I work with it! And I am going to give my best because it's really my dream to TL both sides. *Tears of JOY* which is happening little by little. On behalf of that I would like to apologize if there are some mistakes with my work, specially here in manga series. I'm really doing my best to give the good quality of pages, good translations with spell check and other stuff. I'm really working alone for this series which I don't really mind at all :)
But please, understand me! O_<
